A note from our president

A Note from our President

Thank you all for the warm welcome you gave me to this position.

We are starting our June show planning. All help is needed and appreciated. A little or a lot goes a long way.

A few changes are in store this year, our members auction will be in May instead of June. We will be having a show and sale in November if we get the date. Lastly our holiday party will be at Leu Gardens in November. Thank you to KrullSmith for letting us use their location for the past few years. Let's move forward... Covid-19 is behind us.

See you soon
Your president
Teri Scott

A Note from our Editor

I was honored to be asked a couple years ago to take over the monthly newsletter for our society. I have loved getting it redesigned and updated with a more modern look during my time. Unfortunately, my life has changed completely around and I no longer have the time in my schedule to meet the deadline to make sure you all are getting it consistently every month. My purpose for sharing this information is we are in need of a new editor. If anyone is interested, I would be happy to help get things started with you and give any guidance and assistance needed. Please feel free to email me or call me. 321-277-9610 CFOSeditor@aol.com
It takes all of us to make our society endure. Thank you

Jeanne Brennan

Yearly dues: Individual - **\$30** Couple - **\$45** Under 18 - **\$15**

Culture Group

For those members interested in hands-on learning for the care and culture of all types of orchids, the Cultural Study Group meets the first Thursday of each month at 7:00PM at Leu Botanical Gardens. Members are encouraged to bring in their “problem plants” for show and tell and for guidance on how to address those problems. Membership for this group is \$10 annually due at the start of the calendar year. Teri Scott oversees this meeting and is a wealth of information that she gladly shares.

Our next webinar...

**Tuesday, January 23rd, 2024
8:30 PM EST**

Multifloral Paphiopedilums with Carol Klonowski

What is a Multifloral Paph? Yes, it has more than one flower, but what makes these different? What are the rules for growing and showing these wonderful plants? Join Carol Klonowski as she takes us on a tour of the various species and hybrids and what influences the breeding.

American Orchid Society Webinars

Webinars are online video presentations. You can register for an upcoming webinar or watch the recorded webinars any time at your convenience. We add multiple webinars each month, so check back often.

You must pre-register for all live webinars. In a live webinar, you will have the ability to ask questions. This is done by clicking the Chat button which is found at the right of the upper banner bar.

Recorded webinars can be watched at anytime. These can be paused and played at your convenience. These buttons are found at the bottom-left of the video. Hover your cursor over this location and the buttons will appear.

Both types of webinars are best viewed in full-screen. This can be done by clicking the expand icon which will appear at the bottom-right corner of the webinar screen when you hover your cursor over this location.
