JULY 2024

# *A note from our President*

Good evening to all our members,

Hope you and your orchids are tolerating the heat. Remember air movement and misting will help your plants. Last month I offered a reward leading to information on the lubber grasshopper infestation I am experiencing. Many of you chuckled, WELL I'll have you know I have already killed over 2 dozen grasshoppers since our meeting. I will double the reward! I am looking for volunteers to help with our holiday party in November. Please contact me!
